

**Sonder is a group of progressive organisations working to shared values and objectives with public and voluntary sector organisations throughout the UK.**

**We recognise our society faces significant, complex challenges. For many years, our teams have been working together to support citizens, communities, and professionals to co-produce solutions that improve the quality of local services and enhance impact and outcomes. We work together because we believe that no single organisation – however large or small – has all the answers.**

**For cost-effective and values-led support in the specialist, multi-disciplinary areas you need, you can approach any of our member organisations directly or access us through a broad range of pre-negotiated central government, NHS and local authority framework agreements, including:**

- **Crown Commercial Service Management Consultancy Frameworks**
- **NHS Shared Business Service Consult 18**
- **Eastern Shires Purchasing Organisation Framework 664**
- **Elis Transformation Change Framework 2.0**
- **Bloom Specialist Professional Services**
- **NHS England Health Systems Support Framework**
